

TENNESSEE GENERAL ASSEMBLY  
FISCAL REVIEW COMMITTEE

**FISCAL NOTE**

**HB 22**

January 23, 2017

**SUMMARY OF BILL:** Requires local education agencies (LEAs) to offer at least six early postsecondary credit courses, excluding courses taken through a dual enrollment program, beginning in the 2018-2019 academic year. States that such courses may be provided through traditional classroom instruction, online or virtual instruction, blended learning, or other educationally appropriate methods. Encourages LEAs to partner with other LEAs or institutions of higher education to provide early postsecondary courses.

**ESTIMATED FISCAL IMPACT:**

**NOT SIGNIFICANT**

Assumptions Relative to DOE and Local School District Expenditures:

- Based on information from the Department of Education (DOE), many LEAs currently offer at least six early postsecondary credit courses including multiple Advanced Placement (AP) courses, the International Baccalaureate Program, and dual credit courses.
- If necessary, LEAs will expand their postsecondary credit options without a significant increase in local expenditures through partnerships with community colleges and other options.
- Additionally, the DOE helps to support certain options for such courses by paying for teacher training and exam fees. Any increase in state expenditures relative to DOE are estimated to be not significant.

Assumptions Relative to the Department of Children's Services:

- Pursuant to Tenn. Code Ann. § 49-3-302(11), a "local education agency" is defined to mean any county, city, or special school district, unified school district, school district of any metropolitan form of government or any other school system established by law.
- Pursuant to Tenn. Code Ann. § 37-5-119(a), youth development centers and other facilities deemed appropriate by the commissioner shall be a special school district, which shall be given the same funding consideration for federal funds that school districts within the state are given.

- As a result of the two previously cited statutes, the Department of Children's Services (DCS) is considered a state "local education agency" and will fall under the requirements of this legislation.
- DCS will meet the requirements of this legislation within the structure of their current curriculum and staff through the use of online resources and materials.
- DCS will not hire additional personnel at their Youth Development Centers.

Assumptions Relative to the Tennessee Board of Regents:

- Based on information from the Tennessee Board of Regents (TBR), there are currently nine statewide dual credit courses available through TBR community colleges and a number of others that are not offered statewide.
- TBR will not be required to hire additional staff as a direct result of this legislation.
- Any expansion that is ongoing will continue and would have taken place in the absence of the provisions of this legislation.

**CERTIFICATION:**

The information contained herein is true and correct to the best of my knowledge.
